

## Guide to Graphics

Designing and processing graphics can involve a myriad of different equipment and software. Graphics applications available in the Spark! Digital Media Lab can be used to process photographs and create graphics and layouts for magazines, brochures and websites.

### Lab resources:

#### Software

- » Blender: a 3D computer graphics software toolset.

#### Adobe Creative Cloud including:

- » Illustrator: a vector graphics editor and design program.
- » Photoshop: an industry standard digital art editing program.
- » InDesign: a publishing and typesetting program.

The lab is outfitted with 4 Mac & 4 PC desktops. Most software is available on all desktops.

### Come in for a Spark! Media Lab orientation

Find out more about our open hours, services and programs by visiting our [website](#) or calling the Central Library: 818-238-5600.

### At the library:

#### Call numbers to browse
